

Why buy this?

When at close to the same OE price you can get this!

BE SMART!

2,900 mAh 3,800 mAh with smarts! IWCE 2016 Show Premiere Booth 1580

Power your radio with intelligent power! Our INTELLI™ batteries are higher in capacity than most OE. Made with balanced Japanese cells, Warranted for 18 months. *Now for Icom.* With our "smarts" inside, batteries are analyzed, conditioned, calibrated & rapid charged by our Intelli™ charger. The LCD on the charger shows the User the actual available battery capacity, number of uses, life expectancy. Lower in cost than traditional chargers, no computer required. Proven to extend talk time and battery life. This technology available to other radio manufacturers as an OEM.
